

Business integrity in the value chain

Landsvirkjun's business integrity extends beyond the company's own operations to include its value chain. Landsvirkjun seeks to build long term, sustainable relationships with its business partners across the value chain and promotes best industry practices when it comes to ethics, good governance, and the responsible management of impact on the environment and society.

Landsvirkjun expects its business partners, including its customers and suppliers, to show responsible management practices and take the environment and society into account in their operations.

As a signatory to the UN Global Compact, Landsvirkjun also encourages its business partners to respect the 10 principles of the [UN Global Compact](#) in the areas of human rights, labour standards, the environment and anti-corruption.

Landsvirkjun's principles regarding responsible management and ethics are outlined in [Landsvirkjun's code of conduct](#). Landsvirkjun expects its business partners to adhere to similar principles.
